

Services Provided: Finishing, Formwork, Pumping, Reinforcement, Shotcrete

DISTINGUISHED PROJECTS

SOUTHPORT ON LAKE

WASHINGTON

Key Highlights:

- Largest Northwest project, using 7,000 tons of rebar and 3,000,000 linear feet of cable.
- Utilized roughly 80,000 cubic yards of concrete.
- Used a Putzmeister 14000E high pressure electric pump station to help reduce noise pollution.
- Injury-free throughout 2017.
